Castles Saturn F2

Get the multi-tasking card machine that supports the way you do business. The best security, sleek design, and ultimate flexibility, with the Saturn F2 SmartPOS card terminal you're in control.

With the highest level of hardware security, this great-looking, fast and secure mobile payment device gives function and style to any business set-up. Plus, with Android OS 9 technology you have room to scale.

Key benefits

Make it your own. Customise your set-up with tools and apps to help run your business.

Future-proof. With the latest Android OS 9, it's made to work with your system as you grow.

Enhance your service. Fully mobile, sleek design and built-in receipt printer for a stand-out service.

Long lasting. With long lasting battery and fast charging you'll be taking payments all day without a hitch.

Options to keep you running. With dual-connection and auto-network switching, you can take payments your way.

Key features

A large touchscreen with 5.5" LCD display gives the best experience for you and your customers.

Secure with PCI PTS Version 6 and Android OS 9 technology for all your apps and business tools.

Supports all payment types including contactless, Chip & PIN with PIN on glass, or magnetic stripe.

A long-lasting battery and built-in receipt printer lets you serve your customers wherever they are, all day long.

Accepts all major cards including Apple Pay, Google Pay, Visa, Mastercard and American Express[1], and all payment types.

Technical

Operating system	Android OS 9
Processor	Quad-core, 1.1 GHz, ARM Cortex-A7 32-bit RISC processor
Memory	16GB flash and 2GB RAM (optional upgrades)
Audio	Speaker and 4 pole jack
Cameras	5MP rear camera with flash, optional 2MP front-facing camera (if no barcode scanner)
Comms	Wi-Fi (5 GHz and 2.4 GHz) Mobile (4G/3G), Bluetooth 4.1, GPS

How it works

Use either SIM card or Wi-Fi connection.

With a built-in printer, it's perfect for taking payments at the table, bar, shop floor or out and about.

Use it standalone, with apps, or integrate with your POS system.

Once your application is approved, we'll deliver your devices the next business day.[2]

Accept contactless, Chip & PIN, magstripe, Apple Pay, Google Pay with Visa, Mastercard and American Express.
